

Introduction to MongoDB

The Introduction to MongoDB course guides you through the foundational skills and knowledge you need to get started with MongoDB. This includes connecting to a MongoDB database, how to conduct simple CRUD operations, and key topics such as aggregation, indexing, data modeling, and transactions.

Start Here - Intro to MongoDB

REQUIRED

Unit | 5 Minutes

Unit 0 of Introduction to MongoDB. In this course, you'll get a comprehensive overview of MongoDB Fundamentals - the document model, how to create, update, read, and delete documents, indexing, and also learn about MongoDB Atlas.

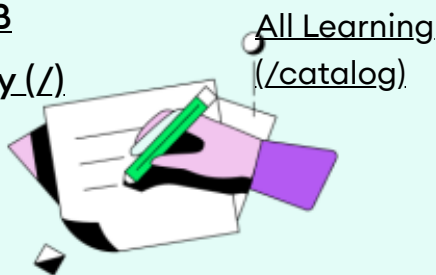

[View Details](#) [\(/courses/start-here-introduction-to-mongodb\)](#)

Getting Started with MongoDB Atlas

REQUIRED

[MongoDB](#)

[University \(/\)](#)

Unit | 1 Hour

[Certifications](#) [v](#) [^](#)

[\(/pages/certification-program\)](#)

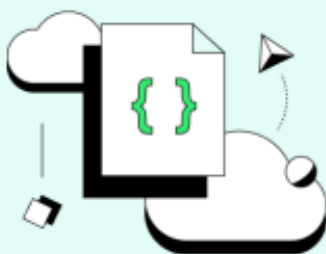

Unit 1 of Introduction to MongoDB.

Curious about MongoDB Atlas? This free MongoDB Atlas course will introduce you to the latest features in the cloud platform, including how to create and deploy your first cluster.

[View Details](#) [\(/courses/getting-started-with-mongodb-atlas\)](#)

Overview of MongoDB and the Document Model

REQUIRED

Unit | 1.25 Hours

Unit 2 of Introduction to MongoDB. Learn about MongoDB and the document model in this quick course. Here, you'll find out how to manage MongoDB databases, collections, and documents.

[View Details](#) [\(/courses/overview-of-mongodb-and-the-document-model\)](#)

Connecting to a MongoDB Database

REQUIRED

Unit | 1 Hour

Unit 3 of Introduction to MongoDB. This course will show you how to connect to MongoDB databases - you'll use MongoDB connection strings, connect to MongoDB with the mongo shell, connect to MongoDB

MongoDB CRUD Operations: Insert and Find Documents

REQUIRED

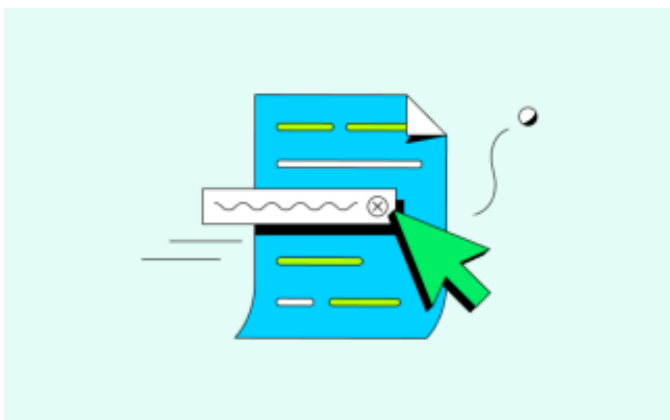

Unit | 1.75 Hours

Unit 4 of Introduction to MongoDB. In this MongoDB CRUD course, you will learn how to create, find, and query MongoDB documents in the mongo shell.

[View Details](#) (/courses/mongodb-crud-operations-insert-and-find-documents)

MongoDB CRUD Operations: Replace and Delete Documents

REQUIRED

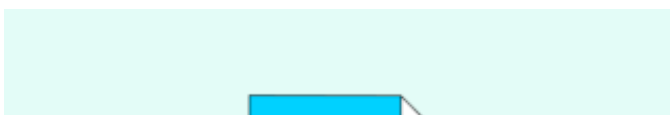

Unit | 1.75 Hours

Unit 5 of Introduction to MongoDB. In this MongoDB CRUD course, you will learn how to replace and delete documents via the mongo shell.

[View Details](#) (/courses/mongodb-crud-operations-replace-and-delete-documents)

MongoDB CRUD Operations: Modifying Query Results

REQUIRED

Unit | 1.25 Hours

Unit 6 of the Introduction to MongoDB Course. In this free MongoDB CR

View Details (/courses/mongodb-crud-operations-modifying-query-results)

MongoDB Aggregation

REQUIRED

Unit | 1.75 Hours

Unit 7 of Introduction to MongoDB. This free course for MongoDB aggregations will teach you how to match, group, sort, limit, project, count, and set values.

View Details (/courses/mongodb-aggregation)

MongoDB Indexes

REQUIRED

Unit | 1.75 Hours

Unit 8 of Introduction to MongoDB. Learn the basics of performance improvements to MongoDB with this MongoDB Indexes course. Here you'll learn how to create single and multikey indexes, as well as how to delete indexes.

MongoDB Atlas Search

[MongoDB](#)

[All Learning](#)

[Certifications](#) 

[University](#) 

[\(/catalog\)](#)

[\(/pages/certification-program\)](#) REQUIRED

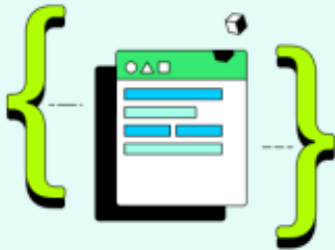

Unit | 1.5 Hours

Unit 9 of Intro to MongoDB. Did you know MongoDB has full text search capabilities? In this course, you'll learn more about MongoDB Atlas Search, a full text search feature built atop of Apache Lucene.

[View Details](#) [\(/courses/mongodb-atlas-search\)](#)

Introduction to MongoDB Data Modeling

REQUIRED

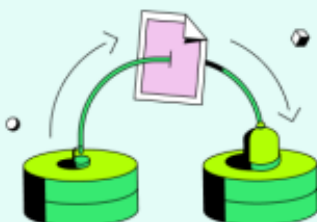

Unit | .75 Hours

Unit 10 of Introduction to MongoDB. In this course, learn the basics to data modeling in MongoDB's developer data platform. Learn more from our expert instructors at MongoDB University today!

[View Details](#) [\(/courses/introduction-to-mongodb-data-modeling\)](#)

MongoDB Transactions

REQUIRED

Unit | 1 Hour

Unit 11 of Introduction to MongoDB. Learn more about MongoDB Transactions in this free course,
